

Library Cards for Teachers

Educators who work in the Everett School District, whether public, private, or charter, are allowed access to extended loan periods for education-related materials by obtaining an Everett Teacher Library Card. To receive a Teacher Library Card, you must present your school identification card at any of the circulation desks of either the Parlin Memorial Library or Shute Memorial Library. All materials borrowed from the Everett Public Libraries with a Teacher Library Card are allowed an extended loan period of eight (8) weeks, with no renewals.

The Teacher Library Card is intended for materials that will be used in the classroom, such as books, CDs, DVDs, magazines, Playaways, and Launchpads. This card is not authorized to borrow Video Games or wifi hotspots. If a Teacher chooses to allow students to use borrowed materials outside of the classroom, the Teacher is responsible for any damage or loss of those materials.

This card is not for use to borrow materials intended for personal use. Teachers may obtain a secondary library card for personal use by providing a form of photo identification and proof of address as is required in the Circulation Policy of the Everett Public Libraries.
